

Call for Extended Abstract by Student Representative

January 5, 2015

The UNISON-Global Organising Committee kindly requests student representatives to submit for the student session (3rd UNISON-Global meeting) which will take place on July 5th, the last day of the 3rd UNISEC-Global Meeting on July 3-5, 2015 in Tokyo, Japan.

The extended abstract should be depicted in **the template form**, and be submitted to unison.global.op@gmail.com **by no later than March 3, 2015.**

The abstract includes the following topics, but not limited to:

- On-going space projects
- Especially, any achievement or development since the 1st UNISEC-Global Meeting
- Future space projects
- Student's researches that deal with space engineering.

Submitted abstracts will be placed on the website and have online vote for selection, followed by the above Committee's review. The notification of acceptance will be announced on April 3, 2014.

All submitted abstracts will be offered either for oral or poster presentation.

Together with the abstract, the separate "Brief Biography of Student Representative" should be submitted.

Any inquiry should go to the UNISON-Global Secretariat at unison.global.op@gmail.com.

Note: The organizer has been making a series of effort to secure funds to support travel expenses for participants and will find the results of such effort around May 2014.
