The 4th UNISEC-Global Meeting

Kamchia, Varna, Bulgaria
21-23 October 2016
Space System Design and Test Lab

Members

Prof. A. Rustem Aslan
Sibel Türkoğlu (Phd)
Mehmet Şevket ULUDAĞ (MSc)
Mustafa Erdem Baş (MSc)
Mehmet Deniz Aksulu (MSc)
Boğaç Karabulut (MSc)
Mustafa Karataş (BSc)
Cansu Cenik (BSc)

Different Departments

• Astronautical Engineering
• Aeronautics Engineering
• Electric and Electronical Engineering
• Communication Engineering
• Mechanical Engineering
• Physics Engineering

Different Degrees

• Undergraduate, Master and Phd
We give chance to get experience

• Astronautical Engineering Interns
• Various Branch Interns
• High School Interns
• International Interns
VISITORS

Besiktas Anatolian High School

Mustafa Saffet Anatolian High School
Gökkuşağı High School

Doga High School
Projects

- ITUPSat1 (2009)
- 3USat (2013)
- BeEaglesat & HavelSat as QB50
- UBAKUSAT
- ASELSAT

Itupsat is 7 years old!
Space Systems Design and Test Lab.

First Unit
Second Unit
Cable Management
Software Test
Thermal Vacuum Chamber
TR01 and TR02 at ISIS
-International Conference on Recent Advances in Space Technologies
Full Paper Submission Deadline is 20th Dec 2016
