# Request for Collaboration

---

- Please help our **Store & Forward Mission**

- What we expect you is Just :
- **Contact us, receive transmitter, turn it on upon request and enjoy!**

- Background

- TRICOM-1R (Store & Forward Cubesat Mission) will be launched **in a month**.
- The mission is expected to last only **ONE Month!!! (until the end of January)**
- We want ground transmitters to send message to the TRICOM-1R **as many as possible**
- Several ground transmitters are available.

# What is Requested

---

Contact us at Toshihiro Obata :

[obata@space.t.u-tokyo.ac.jp](mailto:obata@space.t.u-tokyo.ac.jp)

- Receive Transmitter
- We will provide TRICOM-1R orbit parameters and information **when you to turn-on the transmitter.**
- Turn-on the transmitter and send message to TRICOM-1R!

**Let's enjoy a real space project together!!!**
