

Call for Extended Abstract by Student Representative

February 14, 2014

The UNISON-Global Organising Committee kindly requests student representatives to submit for the student session (2nd UNISON-Global meeting) which will take place on November 18, the first day of the 2nd UNISEC-Global Meeting on November 18-20, 2014 in Kitakyushu Japan.

The extended abstract should be depicted in **the template form**, and be submitted to unison.global.op@gmail.com

by no later than June 27 2014.

The abstract includes the following topics, but not limited to:

- On-going space projects
- Especially, any achievement or development since the 1st UNISEC-Global Meeting
- Future space projects
- Student's researches that deal with space engineering.

Submitted abstracts will be placed on the website and have online vote for selection, followed by the above Committee's review. The notification of acceptance will be announced on September 1, 2014.

All submitted abstracts will be offered either for oral or poster presentation.

Together with the abstract, the separate "Brief Biography of Student Representative" should be submitted.

Any inquiry should go to the UNISON-Global Secretariat at unison.global.op@gmail.com

Note: The organizer has been making a series of effort to secure funds to support travel expenses for participants and will find the results of such effort around August 2014.
