

6th UNISEC-Global Meeting

19-21 November, 2018

International Space University, Strasbourg, France

Program

19 November (Mon): Opening Ceremony, Sponsor Presentations, Mission Idea Contest, Reception
20 November (Tue): Special Lecture, Group Discussion, Local Chapter Report, ISU Gala Dinner
21 November (Wed): Special Lecture, Student Session, Local Chapter Report

Inheriting from the founding vision (Nov 2013) of creating a world where space science & technology are available by every country for the benefit of humankind, and taking note of its Permanent Observer Status to the UN Committee on the Peaceful Uses of Outer Space (UNCOPUOS), UNISEC-Global for its 6th Meeting is seeking the following purposes:

- To evaluate and follow the successful results at the 5th UNISEC-Global Meeting in December 2017 at Sapienza - University of Rome, Rome, Italy,
- To learn and apply ISU's diversity and dynamism for future UNISEC-Global activities, by taking an opportunity of holding the 6th Meeting at ISU,
- To identify the 17 Goals for UN Sustainable Development for possible contributions by UNISEC-Global, and to connect these identified goals with UNISEC-Global's programs,
- In commemoration of the 5th anniversary of UNISEC-Global, to evaluate the past achievements of UNISEC-Global for a future direction, and
- To strengthen the Mission Idea Contest (MIC) with particular emphasis to satisfy Sustainable Development Goals.

Sponsorship

Diamond	No limitation
Platinum	€5000
Gold	€3000
Silver	€2000

Exhibition

Fee: €1000/booth
Free registration for one person
