NIHON UNIVERSITY

**Today, two CLTP graduates will discuss their CLTP experiences**

**CLTP2 Graduate**

**Thu Vu**

**Vin Space**

**Thu Vu** is a Vietnamese space systems engineer and entrepreneur whose career has progressed from managing Vietnam's early small-satellite laboratory at FPT University, to more than a decade of R&D work in the UAE, and now to leading **VinSpace** as its CEO.

He has contributed to multiple CubeSat and small-satellite missions, including Vietnam's first CubeSat launched into orbit in 2012 and university-led satellite programs in the Middle East.

**CLTP5 Graduate**

**Isai Fajardo Tapia**

**Deloitte Tohmatsu Cyber LLC.**

**Isai** holds a PhD in Space Engineering from Kyutech in Japan and has over a decade of experience across academia, government, and industry. His track record includes working as a GEO satellite controller for the Mexican government, collaborating with the Mexican Space Agency, contributing to R&D in an industrial robotics company, and holding postdoctoral positions in Japan.

Currently, he is a Senior Specialist at **Deloitte Cyber LLC**, focusing on space technology R&D and nanosatellite missions.
