

What is UNISEC-Global?

Points of Contact
in 45 Regions

UNISEC-Global is an international nonprofit, non-government organization, consisting of local-chapters across the world.

Since established in November 2013, UNISEC-Global has provided an annual forum, training programs, and competitions. In 2017, it was accepted as permanent observer by **United Nations Committee on the Peaceful Uses of Outer Space (UN COPUOS)**. The primary objective of UNISEC-Global is to help create a world where space science and technology are used by individuals and institutions in every country, rich or poor for peaceful purposes and for the benefit of humankind.

UNISEC-Global Approaches:

Training Programs

CanSat Leader Training Program (CLTP)

HEPTA-Sat

Offered on demand by UNISEC-Japan

International Summer Space School

Offered by UNISEC-Samara

Space Engineering Forums

UNISEC-Global Meeting

Nano-Satellite
Symposium

Debris Awareness & Solution

Debris
Mitigation
Competition

Space Projects

Mission Idea
Contest

International
Collaborative
Satellite Project

Global Antenna
Sharing Project

BIRDS Project

Vision 2030-ALL

By the end of 2030, let's create a world where
university students can participate in practical space projects in all countries.

No one will be left behind.

If you want to go faster, go alone. If you want to go further, go together.

The 6th UNISEC-Global Meeting 19-21 November 2018
@ International Space University, Strasbourg, France
